SUPER
'MADBALLS'
COMPETITION

PULL-OUT 'HOGOPOLY' GAME INSIDE!

GREAT GAMES AND PUZZLES ISSUE! CHECK IT OUT, MATE!

HARRY THE HEAD

HOW TO PLAY 'HOGOPOLY'

The Game of Butchers and Bacon

Detach the centre pages from the comic, and you can refer to these rules as you play!

You'll need — One dice. A counter each. And a pen and paper to keep each player's cleaver-count.

OBJECT OF THE GAME

Your objective is to become Top Hog by collecting 1000 or more butchers'cleavers!

HOW TO MOVE

Any number can play. Throw the dice. Highest throw goes first.

Move around the board on the yellow squares. Black squares are NOT for playing on.

Start on the STY square, and move in either of the directions indicated by the arrows.

YOU MUST ALWAYS CONTINUE IN THE DIRECTION YOU HAVE STARTED MOVING, AND CARRY ON IN THE SAME DIRECTION THE NEXT TURN.

When you cross a square with the red arrow symbols, you can change direction to follow any of the arrows. **BUT YOU CANNOT GO BACK THE WAY YOU CAME! NOT AT ALL! GOT IT!**

(Anyone who can't remember the direction they were

moving automatically loses 100 cleavers! You could set a time limit on moves, say 20 seconds, if people are taking too long to decide which way to go).

HOW TO SCORE

You start the game with a score of 200 cleavers. If your cleaver-count drops to ZERO or below, you must go to the 'MEAT-WAGON' square...and stay there 'til you throw a 6 to get out.

(If you land on the 'MEAT-WAGON' square in the normal course of the game, you're 'JUST OVERTAKING', and you don't have to stay there).

Follow the instructions on each square you land on, and add or subtract points according to these instructions

HOW TO WIN

The first person to land back on the STY square with a score of 1000 or more cleavers wins the game! **YOU MUST THROW THE EXACT NUMBER TO LAND ON 'STY'...**...if you overshoot, you've got to keep moving round 'til you come to it again!

Keep a careful score, and good luck, piggy-pals!

REMEMBER — KEEP YOUR MINDS ON YOUR RINDS AND WATCH YOUR BEHINDS!!

TOO MUCH IS TOO MUCH

The Bizarre Laughing Dog of Outer Mongolia

This dog began laughing in 1913 and has not stopped since. It is said that if he does stop the world will end. So, each day, a Holy Man tickles the chortling mongrel with a feather duster.

The Amazing Crazy Paving of the Incas

This crazy paving is an incredible fifteen yards square. Each piece fits just about exactly (apart from one piece left over). It is astounding to think that by merely using stone tools, the Incas pioneered D.I.Y.

The Cheeseburger from Beyond the Stars

In 1982 a Giant Cheeseburger is said to have fallen from the skies and landed on Shakin' Stevens. The Cheeseburger later denied this.

It is thought that in some remote parts of New Zealand, chickens read Oink!

In Australia, a Great White Shark was caught and cut open. Inside the fish was a man wearing a dinner suit. No one knows how he got there as he could only speak Swedish.

This Giant Gnome was built by the boy-king Tutti Frutti. It was six thousand feet high and weighed seventy thousand tons. One night it was stolen.
